Thank you for considering “adopting” a Santa Barbara Soccer Club player. Santa Barbara Soccer Club (SBSC), a non-profit organization, is a local soccer club committed to working with youth players (ages 8 to 19). The goal of the organization is to provide high quality training and at the same time develop valuable life skills.

Many of the SBSC coaches have been training thousands of local teens and preteens since 1991. The teen years often present difficult challenges and often decisions are made which can affect the entire direction of kids’ lives. The club believes involvement with sports positively influences those choices and helps shape attitudes of self-esteem and self-respect. For the younger children, getting comfortable with a sport early can facilitate their continued commitment to sports through the teen years.

The Adopt-a-Player Program provides local Santa Barbara businesses and others an opportunity to adopt a youth soccer player. Your contribution can make a real difference in a youngster’s life. Annual fees of approximately \$1650 will cover one child’s share of expenses for playing fields, uniforms, tournament fees, trainers, and coaches. These young athletes develop not only great physical skills, but also build discipline and character traits that will last a lifetime. You and/or your business may also make the possibility of attending college on a soccer scholarship become a reality and not just a dream for a young athlete.

Presently there are talented young players whose families are unable to meet the costs to keep their children playing. These kids look to you for help. Your sponsorship could make a real difference in a local family’s life. Please return the enclosed form with your support for soccer, our community, and most importantly, the kids.

If you would like to learn more about SBSC, please contact one of the club board members or myself. Alternatively you can visit the club web site at [www.santabarbarasoccerclub.org](http://www.santabarbarasoccerclub.org)

Sincerely,

Lloyd Biggs  
SBSC Director of Coaching
